

Homotech provides Helpful Hints To Homeowners  
Apply now for LiveSmart BC Grants!  
It all adds up!

Did you know:

-  The average home can save over \$700 per year in utility costs
-  Over 25 years, this can add up to over \$17,500.00! (Nrcan Sept 2009)
-  How do you do it?
-  1. Have a home energy assessment, Your report will tell you the most effective retrofits
-  2. Retrofit -most common items are insulation in attics, walls, basements and crawl spaces, replace furnaces and water heaters with Energy Star qualified models.
-  Make your home more airtight, and ensure proper ventilation systems are installed.
-  3. Post-retrofit energy assessment, we will return to your home and confirm all upgrades, then we will fill out grant application paperwork for you!
